Subject: COVID-19 Response & National Fundraising Campaign

As I write this letter, I continue to pray that the world begins to experience a turning point and starts to see decreasing numbers of COVID-19 infections worldwide. Our nation is in very unfamiliar territory, but like other challenges we've faced as a nation we will overcome this as a United nation.

Like many in the security industry, I am at home connected to the teams I work with through phone calls, video conferencing, and emails. It is a unique time in our history as a country. We are spending more time together as families and neighbors with most of the daily distractions removed. I hope that each one of us is able to take advantage of this unprecedented experience.

The ASPIN message reads:

The security industry is a Community.

We are all Connected in some way.

We are Called to serve.

We Set an Example for others.

Since ASPIN is already set up as a 501(c)3 not-for-profit organization, we have decided to begin a COVID-19 National Fundraising Campaign. It is our hope through this campaign that we can raise awareness of the ASPIN organization and meet needs in the security industry at the national level.

The National Fundraising Campaign will remain separate from the General Fund. Our intent is to distribute 100% of the funds raised during the COVID-19 National Campaign to meet needs during this historic time in our nation. All of the funds raised at previous 2018-2019 events will remain separate and are only available to Texas-based beneficiaries.
